

**GOVERNMENT COLLEGE OF ENGINEERING, SENGIPATTI,  
THANJAVUR - 613402**

**DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING**

**KIT-TRICKS**

**ELIGIBILITY CRITERIA:**

The Participant should belongs to Engineering domain (B.E /B.Tech).

**INTRODUCTION:**

Kit refered as circuits and tricks refered as various peculiar things to do. The hardware designs have been fabricated in integrated circuit products with limited input/output pins.

**KIT TRICKS RULES & REGULATIONS: .**

1. This event for individuals and you should participate as a single person.
2. There will be total of 3 rounds.
3. First round will be an elimination round that consists of simple written test.
4. Second round will also be an elimination round that consist of Circuit Connections.
5. Third round will be the final round & it contains circuit connection and output for it.
6. The participant will be promoted to the next round that has completed the task with the given real components only.
7. Original Schematic diagram and faulty circuit will be given. participant has to successfully complete the task within time limit.
8. There will be time bonus in this final round based on the first & second round score.
9. Pneumatics circuit and components will be available in assigned hall.
10. Compenents from participants are not allowed.
